Irregularities in Votes Told by Officials

DES ARC, Ark. (AP) — Two election officials testified today that their polling box at the Aug. 9 Democratic primary received fewer than half the votes that later were certified as having been cast in it.

Artie Day, who was an election judge in Lower Hill Township, and W. L. Corrier, who was the deputy sheriff there, testified in the Gunter-Screeton election contest that 159 ballots went into the box.

That was a slight discrepancy from earlier testimony of Albert Erwin Jr., the county and circuit clerk for Prairie County, that the box indicated 168 votes when it reached the courthouse election night.

But the figure contrasted decidedly with the 323 votes which were certified as having been cast when the county party organization reported totals to the state Democratic Committee.

J. T. Gunter of Austin, apparent loser for the state senator's nomination in the 19th District, filed the contest against Sen. Jerry J. Screeton of Hazen, the apparent winner.

Gunter charged irregularities in Prairie County, the home county of Screeton.

Screeton countered with allegations of irregularities in Lonoke County, where Gunter lives.

Attorneys today argued whether ballot boxes should be opened. Gunter's lawyers wanted them opened; Screeton's counsel opposed the motion.

Circuit Judge W. J. Waggoner of Lonoke, who is hearing the case, didn't make an immediate ruling but indicated he probably would order the boxes opened.

He said he didn't know any way the issues could be settled without an examination of the ballots.

Erwin and a deputy clerk were the only witnesses Monday, the first day of the trial.

Erwin testified at length regarding such alleged irregularities as absence of tally sheets or voters lists in ballot boxes.

On the basis of Erwin's testimony, Gunter's attorneys asked that the votes in all nine boxes discussed Monday be thrown out.

Waggoner overruled the motion and indicated that only questionable ballots would be eliminated.

The hearing will move to Lonoke County, where Screeton's counter charges will be considered after Gunter's attorneys wind up their case.

During his testimony etc. 7th. During his testimony, Erwin said that an unidentified person apparently had entered the clerk's office the night of Aug. 11 and tampered with the ballot boxes.

He said he found the Hazen returns on top of the Hazen box the next morning.

Erwin also demonstrated how the boxes could be rifled without damaging the metal seal, but he denied emphatically that he had in any way tampered with the ballots.

Official returns from Lonoke, White and Woodruff counties and unofficial totals from Prairie County had Gunter ahead by 148 votes. But the official certification from Prairie County gave Screeton some 700 votes than shown in unofficial tabulations and made him the apparent winner.

John Dale Thwait of DeVal's Bluff, Prairie County Democratic Committee chairman and one of Screeton's lawyers, said that the committee had not done anything wrong.

Bell Changes Stock System

ST. LOUIS (AP) — The Southwestern Bell Telephone Co. has filed a certificate of amendment to its corporate charter which had the effect of increasing its authorized shares from 12,400,000 to 74,400,000 and reducing per value of its stock from \$100 to \$16.66 a share.

The change doesn't alter the company's capital structure but the stock was split to make its par value more comparable to that of other major companies in the utility, a spokesman extensions system.

The utility is wholly owned by American Telephone & Telegraph Co.

Aim of Rocket Test to Detect Space Blast

CAPE CANAVERAL, Fla. (AP) — A sleek space rocket blazed aloft today in an attempt to orbit a magnetic brain satellite, force a runner of a revolutionary world-wide U.S. military communications system.

The satellite, called Courier 1B, is designed primarily to receive and record radio telegrams for messages and transmit them on command to other ground stations. It also is capable of voice transmissions and instant relay of messages between stations.

The rocket was fired at 12:49 p. m. EST.

It rose smoothly from its pad, arching high in the slightly hazy skies, the rocket sped in an easterly direction. Its bright exhaust vanished from sight about three minutes after launch.

WASHINGTON (AP) — The United States today launched a 72-foot Scout rocket aimed to soar 3,700 miles high and 6,100 miles out over the Atlantic on a mission that could help develop a technique for detecting nuclear explosions in space.

Primarily, the shot was designed to test the flight performance of this unique solid fuel and relatively low cost rocket which is slated for various important space-exploring missions in the near future.

But the rocket also carried a special Air Force experiment designed to test the feasibility of spotting radiation from sneak nuclear explosions high above the atmosphere. Such explosions, touched off by an enemy, could cast a kind of electronic curtain around the earth, knocking another nation's early warning system and hiding the approach of attacking missiles or bombers.

Robert Anderson, director of the state Plant Board, announced the bollworm discovery Monday and said that the Plant Board would begin control measures in the Forrest City area.

He said part of St. Francis County would have to be included in a quarantine against the cotton pest next year.

A U.S. Department of Agriculture inspector found the bollworm in trash from a gin near Forrest City, Anderson said. It was the first found in the county since the pest first entered Arkansas seven years ago.

In 1958, Northeast Arkansas was subjected to a heavy infestation. Last year, the bollworms were confined to the western and southern parts of the state.

The Plant Board's pink bollworm regulations have drawn fire from some cotton men and state legislators and the board recently relaxed some of its controls. But this brought a warning from the USDA that all Arkansas cotton might face a quarantine. Plant Board officials are seeking a compromise solution to this controversy.

Cuban Schooner Machine Gunned

GUATEMALA (AP) — Guatemalan air force planes have machine-gunned a Cuban schooner that apparently attempted to land forces on Guatemala's Atlantic coast. It was announced officially Monday night.

The official statement said the schooner grounded on Cozumel Island after the machine-gunning. "The schooner, of Cuban registry, presumably formed part of a flotilla with which the Communist government of Fidel Castro plans to invade the Atlantic coast of Central America, especially Guatemala," the statement added.

National B&PW Week Observance

In Hope and throughout the nation "Symbol of the Sixties: More Women at Work," will be the theme of the National Business Woman's Week, Oct. 2nd thru 8th.

National Business Woman's Week is set aside each year to pay tribute to women in business and the professions and to the contributions they make to the nation.

In business and professional worlds and in the worlds of civic and public affairs, in all communities through international levels, women have achieved far more than our most advanced thinking grandmothers ever dreamed. Millions of women are now at work in offices, schools, factories and on the farm. Millions are now learning new professions, exploring new fields, creating new ideas. In truth we now number more than a third of the work force of our country.

Women respect themselves and each other and work together cooperatively within our National Federation toward well defined aims for the general good. Working together to serve the best interests of the greatest number of individuals has always been the democratic way and the woman's way.

Support for Curran Fails at Meeting

NEW YORK (AP) — A delegate to the National Maritime Union convention sought unsuccessfully today to have the convention record its support of Joseph Curran, whose election as president has been challenged by the government.

The motion was killed by Curran personally after it was offered by Ralph Cummings of Galveston, Tex.

"You got the floor on a point of order," Curran remarked from the platform. "This is not a point of order. Therefore, you are out of order."

Contract Let for Dam Turbines

LITTLE ROCK (AP) — A \$1,447,970 contract for construction of two 77,400-horsepower turbines for Beaver Dam was awarded Monday to the Newport News Shipbuilding and Dock Co., of Newport News, Va. Army engineers announced today.

The English Electric Trading Co. Ltd., of New York was listed as apparent low bidder when bids were opened Aug. 31 on an offer of \$1,464,929.

An Engineers spokesman said the opening, reduced Newport News' bid to the low figure.

Beaver Dam, located near Rogers, is now under construction.

Dope Ring Smashed in New York

By HAL MCCLURE

NEW YORK (AP) — An international dope smuggling ring has been smashed with the arrest of a Guatemalan diplomat and three other men and the seizure of \$14 million worth of pure heroin, officials say.

Narcotics could have brought in \$20 million on the illicit retail market.

Officials said it was the largest seizure of narcotics ever known to the U.S. government.

Guatemala's ambassador to Belgium and the Netherlands, Miguel Rosal, 47, and the others were held in \$1 million total bail Monday after their arrest in Muntlach, Tan.

Federal agents said they had three black valises containing about 110 pounds of heroin, and had about \$70,000 in cash, apparently a partial payment for the dope.

Rosal, a dapper, balding man, was indignant at the arrest and claimed diplomatic immunity. But officials said he was not accredited to this country and did not enjoy immunity from arrest here.

Arrested with Rosal were Elio Tarditi, 56, a Paris businessman; Charles Bourbonnais, 39, of New York City, a purser on the Paris-New York run of Trans World Airways; and Nick Cadamara, 47, of New York City, a longshoreman.

Agents said Rosal acted as courier because he was able to get through customs without difficulty in his diplomatic position. They accused Cadamara and Bourbonnais of being in charge of distributing the narcotics in New York.

Maugham Says Few Women Not Liars

LONDON (AP) — At 66, author W. Somerset Maugham talked today about women, literature and death.

"As far as I can judge, with women it's all take and no give," he said. "There must be some women who are not liars. I know a few women I am extremely fond of, but at my age, one's attitude is rather different."

"I am a rationalist, so I can take death with absolute equanimity. I don't believe in afterlife. I don't have to face the prospect of eternal boredom in paradise."

"I read 'Lady Chatterley's Lover' when it first came out and, to tell the truth, found it rather boring. I read the first 74 pages of 'Lady' and was too bored to go on. Shocked? It takes more than that to shock me. Nothing shocks me—except cruelty."

OKLAHOMA CITY, Okla. (AP) — Starting today, 13 mothers here have replaced their haphazard school car pool with a bus, driver and regular schedule.

The mothers decided recently they were tired of having 33 children to remember school and kindergarten each day. So they bought an ancient school bus for \$550 and hired a driver.

City and state education officials approved the idea.

Wilson May Be British Labor Leader

SCARBOROUGH, England (AP) — Harold Wilson made a definite bid today for the leadership of Britain's Labor party by calling for a democratic Socialist program of public ownership.

Wilson told the annual party conference that defense industries for a start, should be nationalized "to protect the interests of the taxpayer."

In a long speech Wilson, former president of the Board of Trade, never once mentioned Hugh Gaitskell, the man he hopes to replace as party leader.

Only one voice—that of right-winger, Woodrow Wyatt—was raised on Gaitskell's behalf. And Wyatt's references to the harassed leader met with silence.

Wilson apparently hoped to provoke an enthusiastic demonstration in his own behalf in the conference. However, he received only a moderate response from the 1,261 delegates. Even his call for more socialism produced only scattered applause.

Earlier, Gaitskell received a sharp blow when anti-Gaitskell advocates of nuclear disarmament increased their hold on the national Executive Committee.

Titan Engineers to Set Up Office

LITTLE ROCK (AP) — The engineer in charge of construction of 18 Titan II missile sites near here will open an office Wednesday in scattered returns from Base, Col. A.M. Jacoby, Little Rock District Army Engineer, has announced.

Lt. Col. Robert E. Smetzer is the engineer in charge of the work, for which bids are to be opened Dec. 6.

Jacoby, in a speech to the Engineers Club Monday, said that Col. Carroll Dunn, national director of the Titan II launching system, would visit here Wednesday and Thursday.

Col. John L. peckler, chief of staff of the Ballistic Missile Center at Englewood, Calif., which has overall charge of missile base construction, will speak Friday at a briefing for area residents.

Quadros Takes Lead in Brazil

RIO DE JANEIRO, Brazil (AP) — Janio Quadros, 43, conservative former governor of Sao Paulo Province, took the lead early today in scattered returns from Brazil's presidential election.

First unofficial returns gave Quadros 66,293 votes to 34,517 for Henrique Teixeira Lott, his nearest competitor in the three-man race for a presidential term of five years. Adhemar de Barros, 59, the leftist mayor of Sao Paulo, polled 32,595.

Quadros, favored in pre-election polls, represents a group opposed to the retiring president, Juscelino Kubitschek. Lott, a former war minister, has the backing of Kubitschek's middle-road Social Democrats, plus unsolicited support of the Communist party.

Final election results may take a week to tally.

Young Auto Thief Jailed at Spa

BENTON, Ark. (AP) — A 17-year-old Hot Springs youth was arrested on a stolen car charge about 6 a.m. today after officers worked through the night pinning him down in a residential area, police said.

State Police and sheriff's officers worked tediously through the night in a quiet but efficient manhunt.

The fugitive was arrested on foot, in a residential neighborhood.

Police thought for a time they had trapped Quinn James, 26, who escaped last week from Garland County jail at Hot Springs. The youth who was captured vaguely resembled James, officers said.

The manhunt started after a car stolen in Hot Springs was found abandoned here. Shortly afterward, the youth was spotted driving a car reported stolen here.

Prospects for UN Agreement Fade Sharply

By REILMAN MORIN

UNITED NATIONS, N.Y. (AP) — The Soviet bloc lined new fire on Secretary-General Dag Hammarskjöld in the United Nations today as prospects faded for any significant advance during this session toward East-West agreement.

In the first Communist retaliation to Hammarskjöld's defiance, Monday of Premier Khrushchev's suggestion that the Russian Nikolai V. Podgorny of the Soviet Ukraine, convened the Soviet leaders' charges that Hammarskjöld served only "imperialist" interests in Africa's Congo.

The stepped-up attack on the secretary-general came in the midst of a new round of diplomatic activity.

Just before the proceedings began in the Assembly, British Prime Minister Harold Macmillan conferred with Hammarskjöld. And at the same time, the Soviets asked for a meeting between Khrushchev and Macmillan in a key figure in the West's maneuvers at this session. The British suggested a meeting later in the day.

Khrushchev's attacks on Hammarskjöld are viewed as a harbinger of cold war weather and one of a number of clues to prospects for East-West accord.

Another indication has been Khrushchev's resumption of his price for a free-to-free meeting with President Eisenhower, urgently recommended by five neutral nations.

Khrushchev demanded Monday night in a letter to the heads of the five neutral states that Eisenhower first conduct a "preliminary" meeting with the Soviet Union, in connection with the U-2 spy plane incident of last May.

Khrushchev's letter to the neutral nations' chiefs on the possibility of a meeting with Eisenhower told them:

"A clear admission is necessary that the increased tension has been occasioned by the unprecedented treacherous acts of the United States government which chose the way of carrying out provocative aggressive acts against the Soviet Union."

Previously, Khrushchev had demanded simply an apology from Eisenhower for the flights of the U-2 and RB-47 planes brought down by the Soviets.

The President, replying to the five neutrals' Sunday, already had blamed the Soviet Union for a series of acts aggravating tensions and indicated clearly the scant likelihood of a meeting with Khrushchev.

Lumumba Is a Red, Say Officials

By DAVID MASON

LEOPOLDVILLE, the Congo (AP)—Some Western diplomats attached considerable significance today to public declarations by at least eight members of Parliament that they have broken once and for all with Patrice Lumumba.

The MPs issued a four-page statement Monday night accusing the Communist-backed, deposed premier of ordering a reign of terror in Stanleyville, Lumumba's political stronghold.

Signers of the statement said that all but 3 of the 50 senators and deputies from "Oriental Province," which includes Stanleyville, have joined them in leaving the Lumumba camp.

Most political sources here felt the assertion was overdrawn. But at the same time they saw a crack in Lumumba's hitherto solid support in his home province.

One of the deputies who signed the statement was Victor Baogandi, who accompanied Lumumba to the United States in July.

Another signer was Deputy Alfonso Songolo, communications minister in Lumumba's government and influential in Stanleyville politics.

Dance to Open Cotton Contest

BLYTEVILLE, Ark. (AP)—A street dance tonight will open the 21st annual National Cotton Picking Contest here, with guests during the week to include Miss America of 1961 and Robert Kennedy, brother of the Democratic presidential candidate.

A wrestling show is slated Wednesday. On Thursday Miss America, Nancy Ann Fleming of Michigan, will ride in a parade, as will about 30 girls competing for queen of the contest.

Kennedy, brother of Sen. John F. Kennedy, will speak after the parade. Gov. Orval E. Faubus, Sen. John L. McClellan and other officials are expected for this event.

The contest queen will be named Thursday night.

Thinks Russia Should Fear Red China

LOS ANGELES (AP)—The time may come, says Henry Cabot Lodge, when the Soviets will be looking for new allies to help defend them against their most formidable ally of today—Communist China.

"But I didn't say soon," the Republican vice-presidential candidate told a nationwide television audience Monday night. "I said maybe my grandchildren—and they are eight in number—might see the day when the Soviets are so scared of the Chinese they would turn to us."

Lodge, interviewed on a TV panel show in Los Angeles by a group of educators, made another prediction of a long cold war in response to a question about the current debate in the United Nations.

"I don't want to paint a rosy picture," he said. "This conflict is going on for a generation. But the Soviet Premier Khrushchev has lost this round in New York, and he has lost it badly."

Lodge said the Communists might be trying to do in New York today what they did in Russia in 1917. In that year, he said, the Communists lost an election but Lenin declared existing election procedures were outmoded and the Communists took over.

Lodge said Khrushchev might have decided, "If I come to New York and do what Lenin did in the Constituent Assembly in Leningrad, maybe I can break up the

He said it could increase the range of night-time vision up to 20 times.

Development of the tube, which is not yet available for routine service use, was announced at this Army engineering center by John Johnson of the Army's research and Development Laboratories. His report was prepared for a scientific conference on "human factors engineering."

The new tube intensified the images of objects bathed by "sky glow" light. That is the dim but always present light that exists in the sky at night even when there is no moon and the stars are blanketed by clouds.

Amplifying his report, Johnson said the newly developed tube when used as special equipment on guns or vehicles, would allow the following:

1. An infantry soldiers could spot an object at 500 to 1,000 yards, even though he couldn't see it with his naked eye.

2. Drivers of military tanks and other vehicles would have vision up to 200 feet without the use of headlights.

Johnson said the new electronic vision tubes produce no light of their own but take advantage of the sky glow from the upper atmosphere.

United Nations.

"But," Lodge said, "I think he'll find the United Nations a tougher nut to crack."

Nixon Cites Wage Hikes in N. Jersey

WITH NIXON IN NEW JERSEY (AP)—Vice President Richard M. Nixon told a noisy, cheering crowd in front of the Patterson N.J. City Hall today "Real wages" have increased five-fold under the Republicans.

The GOP presidential nominee, speaking in a consumer area, added that prices have gone up only one-fifth as much under the Republicans as they did under the previous Democratic administration.

In fact, Nixon said, the Eisenhower administration has the "best record of any administration in history, in any terms you want to select."

Nixon's motorcade, rolling into Patterson from Newark, was greeted by lots of spectators on the streets. Many of them were school children, dismissed from classes for the day.

He spoke from an open-air platform opposite City Hall to a crowd estimated by police at 10,000.

Local reporters said the crowd was somewhat larger than that which turned out to hear Sen. John F. Kennedy, the Democratic presidential nominee, on a recent visit to Patterson.

Patterson was Nixon's first stop of half a dozen in populous North Jersey.

Nixon came to New Jersey from the normally Democratic South.

Scott also charged that Kennedy was absent during most of the recent Senate debate on medical care for elderly persons.

The "truth squad" was established to follow Kennedy and counter what the Republicans regard as distortions and "unfactual statements."

In addition to Scott, the members are Sen. Roman L. Hruska of Nebraska, Sen. Kenneth B. Keating of New York, Rep. Donald L. Jackson of California, Rep. Charles E. Goodell of New York and Rep. Gerald R. Ford Jr. of Michigan.

General Manager Clyde E. Byrd reported Monday's attendance at 27,059.

The only larger opening day crowd was in 1950, he said.

Last year's figure was 15,062.

Again today the weather was virtually perfect with temperatures around 80 degrees and no hint of rain.

An hour-long parade through downtown Little Rock and North Little Rock Monday afternoon was witnessed by a crowd whose size was estimated at anywhere from 75,000 to 120,000 persons.

The exposition continues through Saturday night.

CAMPAIGN QUIZ

Q—Who were the "Locofocos?"

A—Radical wing of the Democratic party in New York state (1835). For a period of time, term was applied by the Whigs to any Democrat. Name was taken from the "Locofoco," a cigar with a built-in lighter at its tip.

When regular, or Tammany Democrats, put out the lights at a New York City meeting in 1835, meeting proceeded by light of candles and the locofocos of the dissident members.

Navy Claims a Speed Record

WASHINGTON (AP)—The Navy claimed a closed circuit speed record today for its new McDonnell F4H Phantom II fighter.

It announced that in runs over Edwards Air Force Base, Calif., on Sept. 25, the fighter, flown by Cmdr. John P. (Jeff) Davis of Chicago, had averaged 1,300.21 miles per hour over a 62-mile circular course.

Navy officials said the feat of flying the fighter in a circle only 20.2 miles in diameter while holding a sustained speed more than double the speed of sound was of "major significance."

Is There Love Big Enough?

BY HELEN WORDEN ERSKINE

Dear Helen:

I have been going with a nice fellow for two years. I've never been married and am still going to church. I've never been married and am still going to church. I've never been married and am still going to church.

He says he really loves me. I will stick until he receives the answer. Meanwhile, he'll keep going to church. He says if I went out with someone else after the trouble he was going through, he'd leave. He's a wonderful guy and does everything for me. Help me if you can. —Mixed-Up

Dear Mixed-Up: The very fact that you raise the question of going with other men makes me doubt the depth of your love. I am also troubled by your sweetheart's threat to drop everything if you do step out to be joining your church for love of you or love of the church? Better think this over.

Dear Helen:

There is a head librarian in our public library who seems to think it her business to bring up everyone else's kids. I am 19 and have read most of the books that interest me in the teen-age section of our library, some as much as five or six times. Whenever I try to take a book out of the adult section (with my mother's consent), the librarian refuses to let me take it out. I can't even "look" in the adult section even when my mother is with me. My mother doesn't like this because she says it's not the librarian's job to tell me what I can or can't read.

My friends have the same trouble. Their parents have told the librarian to mind her own business. She still refuses to let us take books out that she herself doesn't approve of. What can be done about her? —Disgusted

Dear Disgusted: At the New York Public Library, children as young as 10 and 12 have access to all books. There is no book censorship in any American public library. Yours must be an individual case. Your parents should take the matter up with the Library Committee.

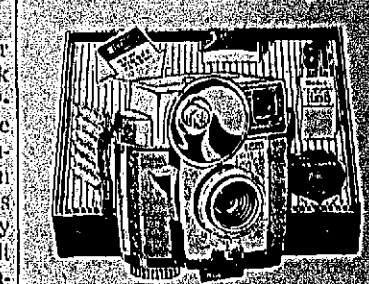

Dear Confidential: By all means

tell your social worker the truth. She will like you all the better for telling the truth. If she doesn't, then she shouldn't be a social worker. No matter what her reaction, you will be at peace with your own conscience. Being able to live with ourselves is something we all strive for but few succeed in doing. Send your problem to Helen Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Hot Lines" Are You?

First Game of World Series Is Wednesday

By JACK HAND
Associated Press Sports Writer

PITTSBURGH (AP) — Pittsburgh bristles with "we won't score" confidence and the New York Yankees are riding high on a 15-game winning streak going into Wednesday's World Series opener at Forbes Field.

Thirty-three years ago today they said the Pirates lost their last Series to the Yankees the day before it started. It was claimed they were overawed by the fence busting Babe Ruth, Lou Gehrig and Co. in a preseries balling drill.

Danny Mortaugh, scrappy pilot of the Bucs, told Pirates fans not to worry about his club losing the Series before it starts. "If this club of mine gets beat," he said, "it will be in the ball game, not before it starts."

"They don't score. Don't forget we have a pretty good ball team too. We played and won in a tough league. We're going to show them a good infield and a good outfield and some pretty good pitching."

Casey Stengel, boss of the Yanks, was caught up in a minute's mob in the hotel lobby when he arrived Monday afternoon with his club.

"As the Yanks climbed out of their plane at the airport they had been greeted by a sign 'Go home Yankees.' In the lobby somebody gave Casey a record of the 'Beat 'Em, Bucs' song that has swept the city."

"From what I'm told this is a good, solid club," said Stengel. "But we have some good players, too. I think these fellows (Yanks) will keep right on just like they left off the season Sunday."

Before leaving New York, Stengel announced that Art Ditmar, a 31-year-old right-hander, would open for the American League champs. He is expected to follow with Bob Turley and Whitey Ford in that order.

Ditmar, top winner of the Yanks with a 15-9 record, throws a sink-

Porks Buckle Down in Practice

PAYETTEVILLE, Ark. (AP) — The University of Arkansas Razorbacks buckled down to serious drill today to get ready for Saturday's football game with Baylor, the second big hurdle in the Hogs' quest for a second Conference title.

Coach Frank Broyles wanted the Porks Monday that the Bears have "all the offensive weapons a coach could ask for."

He said they have "speed and size in both line and backfield."

Baylor whipped Louisiana State 7-3 Saturday while Arkansas blanked Texas Christian 7-0.

Plims of the TCU game, Broyles said, gave guard Dean Garrett the best grades for a lineman on offense and defense. Tackles Martin Epp and John Childress also rated high, he said, and, of course, Wayne Harris looked good.

"He always does," Harris is, a long last ball, good curve and slider, much the same repertoire as owned by Vern Law, the Pirates' 20-game-winning starter. Ditmar has given up 25 home runs and 24. Both managers apparently wanted to take advantage of the spacious outfield territory in the Pirate home park.

Mortaugh surprised some baseball people by announcing he would use Bill Virdon in center field and Dick Stuart on first, regardless of the opposition pitching. During the season he often benched Virdon, a left-handed hitter, against a southpaw, and played Gino Cimoli. He switched Stuart, a right-handed hitter, for Rocky Nelson against righthanded pitching.

The only switches in the Pirates order will be Smokey Burgess catching instead of Hal Smith, against righties, and Cimoli replacing Bob Skinner in left field against southpaws.

A sellout crowd of 38,000 could expect a good break from the weatherman. The advance forecast called for mostly sunny and warmer with the temperature around 70. Game time is 11 p.m. (EDT) with network (NBC) TV and radio coverage.

Razorbacks Ranked 9th Nationally

By HUGH FULLERTON JR.
Associated Press Sports Writer

Syracuse, with a surge in the voting reminiscent of the second half rallies that have won two games for the Orangemen, today moved to the top in the Associated Press football ranking poll after two weeks in second place.

Syracuse displaced Mississippi, leader for two weeks, by a big margin in the voting by 48 newspapers, television and radio football experts who comprise the Associated Press panel. Impressively low moved up from eighth place to fourth as the rankings underwent another wholesale revision. Fourth-place Illinois was the only team which remained in the same place it held after last week's voting.

Ohio State moved up from ninth place after its solid 20-0 victory over Southern California. Kansas slipped from 5th to 10th after its loss to Syracuse and Clemson dropped a notch to eighth. Newcomers are Navy, Purdue and Arkansas, replacing Washington (No. 6) and Georgia Tech (No. 10).

In the point scoring on the basis of 10 for first place, 9 for second etc., it was Syracuse 428 and Ole Miss 402, just about the reverse of last week's figures.

The top teams with first place votes in parentheses:

1. Syracuse (28)

DETROIT (AP) — An Ontario woman and her camera made it easy for Detroit police to identify the man she said tried to break into her car. She had pictures of him.

June Abbott, 40, of Red Rock, Ont., was visiting the Detroit Art Institute with her husband, Robert, 45.

When they came out they saw a man standing by their car. Mrs. Abbott aimed her camera and took pictures of him.

Police developed the roll and asked for a warrant charging Vincent Bertolino, 37, of Detroit with attempt breaking and entering of an automobile to commit a larceny. The Abbotts said the car showed signs of tampering.

LITTLE ROCK (AP) — Whether the state's three per cent sales tax should be figured into competitive bids has produced a mild controversy between the state Highway Department and state Purchasing Agent Mack Sturgis.

Sturgis said Monday he was holding up approval of a Highway Department contract award to Joslyn Manufacturing Supply Co. of Shreveport, La., on grounds that a Crossett firm would have been low bidder if sales tax had not been figured into its bid.

Arkansas firms get a five per cent preferential discount on bids in competition with out-of-state firms.

Sturgis said the tax should not have entered into the bid and the contract should have gone to the Crossett Lumber Co.

The Highway Commission is expected to discuss the matter Wednesday.

Ft. Smith Is Still Top State Team

By THE ASSOCIATED PRESS

Fort Smith's Grizzlies remain atop the Associated Press Arkansas schoolboy football rankings for the third straight week, and unbeaten Rogers takes over first place in the Class AA rankings.

Powerful Fordyce retains its top ranking in Class A and moves into high spot in the overall rankings. Little Rock remains the best in Class B.

Fort Smith beat Sublimed of Clarksville 24-6 (October 2) and defeated Little Rock Central 14-0 (October 3).

The Grizzlies met Little Rock Central Friday night in an important Big Nine Conference championship Little Rock should expect the state rankings.

Central dropped from second to third place this week after beating Hot Springs only 7-0 in its first conference outing. Defending Big Nine Conference champion Little Rock fell again second place with a 12-0 triumph over Texarkana.

Rogers beat last week's top-ranked Class AA team, Fayetteville 6-0, and holds the sixth place in the overall rankings. Rogers is unbeaten in four games.

Helena's Indians, riding a 5-0 record and still unscathed after a 26-0 victory over Forest City moved into second place in Class AA. Wynne, another top Region 2A outfit, topped Mariana 34-6 for its fifth victory and holds fifth place, behind Fayetteville.

Marianna's touchdown was the first scored against Wynne in five tests.

Fordyce walloped Dollarway 46-0 for its fourth straight. Atkins battered Paris 31-0 to remain head of Class B.

MIAMI, Fla. (AP) — Strike-bound buses resumed service today in Greater Miami, and rides were free.

An early morning meeting of drivers okayed a novel arrangement that unfroze public transportation in this sprawling area of a million population, pending settlement of a strike begun Saturday over a wage dispute.

Management offered to provide its buses and fuel to run them. Drivers agreed to man the buses and collect no wages or fares.

"We thought it was an opportunity to render a service to the public while the dispute is still going on," said Harry Barber, financial secretary of the Drivers Union local.

Drivers struck over their demand for a 50-cent an hour pay raise. They cut the figure to 20 cents but management would offer no more than 4 cents. The average pay has been \$2.16 an hour.

ATLANTA, Ga. (AP) — A father has filed a \$25,000 damage suit for the humiliation his daughter suffered when he says a new bathing suit became transparent the first time she wore it in the water.

Clair C. Rogers filed the suit Monday in behalf of his daughter, Linda Rogers, 17, against R. H. Macy and Co., of New York, doing business as Davison-Paxon Co.

The suit said the girl paid \$16.90 for the white bathing suit, which became transparent when wet, and did expose plaintiff's nakedness, then and there causing humiliation, mortification and embarrassment.

East Red Wants Troop Withdrawal

BERLIN (AP) — Walter Ulbricht, East Germany's Communist chief, called today for the withdrawal of U. S. troops from Germany.

He said West Germany had been created as a separatist state by the Americans as a base for aggression. Addressing his remarks directly to President Eisenhower, he said: "Give West Germany its freedom at last. Take away your troops."

The bearded Red leader spoke in his Parliament for the first time as chief of state. He took over last month after the death of Soviet Union, Ulbricht said.

Dunbar Down Yerger by 20-0 Score

By PAT GARR

The Dunbar Buffaloes of Texarkana, Texas, defeated the Yerger Tigers 20-0 in a game Friday night in Texarkana.

The Buffs received the opening kickoff at their 25 yard line and moved to the Tiger 45 where they were forced to punt. After punting two plays Yerger fumbled and Dunbar recovered on the visitor's 40. Fisher hit pollard at the Tiger 20 and again at the 15. A third pass intended for pollard was intercepted by H. B. Warren at the 8. The Yerger offense failed to click and the Buffs were in possession again. At the Tiger 40, Fisher ran a keepers play to the 23. The Buffs accustomed to water, resorted to the air as Fisher found his target again as he hit Bradley at the 13. Bradley then ran the 8 yards for the tally. High ran the Pat and gave the Buffs an 8-0 lead.

Later, in the same period, Tiger H. B. Warren almost saw daylight as he ran from his 33 to the Dunbar 30. However, a penalty nullified the longest run thus far.

Warren moved back to the buff 48. Edwards hit Davis at the 28. This forward drive was stopped at the 10 as the Tigers lost the ball. Dunbar moved deep into Yerger downs.

ger territory once at the 20 only to have another pass intercepted and again as Fisher ran 54 yards from his 36 to the Yerger 10. A penalty nullified the drive. The half ended with the Tigers in possession at their 47 with Dunbar leading 8-0.

The second Texarkana touchdown came when High ran 53 yards from his own 47 after receiving downfield blocking by his blue-tinted teammates. The Pat failed. In the latter part of the fourth quarter the Buffs struck again as Thompson sliced off left and from the 8 to score the Texarkana third and final touchdown. The conversion failed.

Except for the time element the Tigers had a chance to avoid a shut-out as they were in possession at the Dunbar 7 yard line. However, time doesn't stop, and for this reason perhaps, the Tigers were held coldly scoreless as the Buffaloes were 20-0 victors.

Old Pros in New League Takes Charge

By JACK CLARY
Associated Press Sports Writer

Al Dorow and Frank Tripucka, a pair of old pro quarterbacks who splashed through football's fountain of youth when they joined the American Football League, have their teams atop the top's two divisions today.

Dorow, who played for Washington and Philadelphia in the National League, and Toronto in the Canadian Football League, passed for four touchdowns Sunday, and gained 281 yards in the air, as his New York Titans defeated Dallas 37-35 to gain the top rung in the Eastern Division.

Denver, the surprise of the AFL, moved into permanent possession of the Western Division lead with a 31-14 trouncing of Oakland as the Broncos laced two touchdowns passes to end Lionel Taylor.

Los Angeles won over Buffalo 24-10 in the other scheduled game. Boston and Houston were idle.

In the National League, quarterback George Shaw threw four touchdowns passes for the New York Giants as they beat St. Louis 35-14. Cleveland won over Pittsburgh 28-20. Baltimore crushed Chicago 42-7. Green Bay defeated Detroit 28-9. San Francisco conquered Los Angeles 19-9. Washington was idle and Philadelphia beat Dallas 27-25 last Friday night.

Dorow, the former Michigan State star, did most of his work in the first half when he rolled up 273 yards and all his TDs. Still, a 32-yard field goal in the last period by Bill Shockley was the final difference. Dorow broke a 7-7 tie midway in the first period with a 28-yard scoring toss to Don Maynard. He hit Shockley with a 5-yarder and Dave Ross for 37 in the second period for touchdowns and Dallas never could catch up. Dorow's first scoring toss went to end Art Powell for 38 yards. Dorow also scored from the 1-yard line in the third period.

Dallas' scoring was divided among Cotton Davidson, who also passed 8 yards for a TD to Chris Burford. Bo Dickinson, Abner Haynes and Johnny Robinson.

Tripucka, also an 8-year veteran of the NFL and Canada, got scoring help from tackle Bill Yelverton, who ran 20 yards for a touchdown with an intercepted pass, and from Dave Rolfe's 57-yard scoring gallop. A crowd of 18,772 watched Denver's AFL home opener.

Los Angeles used the forward pass in reverse, interceding four Buffalo aerials, two by linebacker Paul Maguire that helped produce touchdowns. Bob Clatterbuck's 11-yard TD pass to Dave Kruerek followed the first and Hawie Ferguson's two-yard burst for the second LA score climaxed the second.

1961 Rambler Ambassador Shown

Luxury in the dimensions is the achievement of the 1961 Rambler Ambassador V-8, shown here in its Custom four-door sedan version. Sloping front fender and hood line extending over the aluminum grille, flanked by bold dual headlights, highlights the Ambassador's new look for 1961. New luxury features include long-lived ceramic-armored muffler and tailpipe, molded fiber-glass interior ceiling panel with important cushioning and soundproofing qualities, vacuum-powered four-door locking, superior heating and ventilating and air conditioning systems. Wheel base is 117 inches. The car goes on sale October 18.

Can't Abuse Folks, Get Away With It

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — You can't abuse people and get away with it.

In effect is what President Eisenhower Sunday night told Premier Khrushchev in rejecting a summit meeting unless the Russian sends his manners.

The President's language was a little more diplomatic than that, but only slightly so.

Since Khrushchev acts like a man's boy — a mean temper when he can't have his way — his performance now should be rather memorable.

For almost three years Khrushchev has talked of a summit meeting. In that time he has threatened, bullied, wheedled, insulted, riddled, riddled, riddled.

He got a summit meeting briefly in Paris in the spring, but wrecked it over the U2 spy plane. Insulted Eisenhower, and soon began talking of a summit again.

Apparently to impatiently wait for Eisenhower's successor, the Russian came over here and put on the worst public performance of his career.

This included threatening to refuse disarmament unless his plan to revise — really to wreck — the United Nations was adopted. He insulted the Western powers; heckled British Prime Minister Harold Macmillan who was addressing the United Nations; and said he wouldn't meet with Eisenhower unless the President apologized for the U2.

At no time did he say he wanted to see Eisenhower. But he left the door wide open. It was Eisenhower who slammed it almost shut in his face Sunday night.

The President, in a letter to five neutral nations which wanted Eisenhower and Khrushchev to get together, recalled Khrushchev's various threats and intimidations.

Beatniks Get Tired of Some Sayings

By HAL BOYLE

NEW YORK (AP) — Remarks that a beatnik gets tired of hearing.

Oswald, the landlord, says if we don't pay up the back rent by tomorrow we'll have to find another pad.

Money means nothing to him. On the other hand, he doesn't mean anything to money either.

Why is it you never talk to me any more, Oswald? All you do is sit there beating on your bongos drum.

I don't care how much you denounce conformity — something beautiful went out of our life when you quit working steady. I think it's called cash.

Being a beatnik is like being a president — the problem is where do you go from there?

The leaves are falling, Daddy-O. Don't you think it's time to sew on your long underwear for the winter?

You call that drivel poetry? It sounds to me like Edgar Guest with a mental breakdown.

Gee, it's such a nice day out, Oswald — why don't you sit right down and write something spontaneous?

Don't be petulant with me, Oswald. I wasn't the one who sent you that cake of soap on your birthday.

We're your new neighbors, man. Can we borrow a cup of gin? We just ran out.

He gets a big thrill out of being told he looks exactly like Fidel Castro, but there's one big difference, Oswald doesn't have an army. He doesn't even have a camp follower.

They say his real ambition is to become the first man in history to write a folk song under water with a ball point pen.

With him the beard isn't a badge of masculinity. It's an intellectual status symbol.

Why are you looking so pale, Oswald? All I said was that in the old days people used to take baths on Saturday nights.

His basic trouble is that he's too heavy for light work, and too light for heavy work.

But officer, bongos aren't like radio or television. You can't turn them down — and if you could, you'd lose the whole effect.

I am talking English, Daddy-O — I mean your honor. I said Oswald got bugged 'cause the fuzz busted up the rumble in his pad dawn-wise.

He's very depressed today. He thought he was joining a protest rally, then found he was merely in a line to buy World Series tickets.

Church Group Raps Catholic 'Oppression'

LITTLE ROCK (AP) — A Washington, D.C., lawyer and Methodist, at a Baptist... sponsored "religious liberty" rally Monday night denounced alleged political oppression by the Roman Catholic church.

But Dr. Glenn L. Archer, executive director of Protestants and Other Americans United, for Separation of Church and State, did not say that protestants should not vote for Sen. John F. Kennedy, a Catholic who is the Democratic presidential nominee.

He attacked Catholic clericalism, which he said should be opposed without attacking individual Catholics or the Catholic faith.

A blanket boycott of Roman Catholic candidates might destroy the liberal elements within the church, he said, "and deflect possible Roman Catholic leadership to Americanize this clerical monarchy."

He defended the so-called "religious issue" in the presidential race as "the product of Rome's age old political claims to rule and repression." He said, however, that Kennedy had not injected the issue into the campaign.

The sponsoring Religious Liberty Committee of the Arkansas Baptist State Convention had denied that its meeting was associated with the entrance of Kennedy into the presidential race.

Fugitive and Girl Elude Searchers

RUSSELLVILLE, Ark. (AP) — State troopers continued their dogged search for a 24-year-old fugitive and his teen-aged girlfriend today and vowed to keep after him until he is caught.

"We'll keep him on the run and not give him any rest until he's caught," said State Police Lt. Paul McDonald of the hunt for Joe Hildebrand and his companion, Frances Standridge, 18.

Officers said Hildebrand has stolen at least two cars since troopers went into the remote Ozark Mountain area about 40 miles north of here Saturday. They also blamed Hildebrand for a breaking at a store in New Hope Sunday in which food and cigarettes were taken.

Hildebrand is known to be armed and officers reported residents of the area have told them he has vowed he won't be taken alive.

Police urged residents to lock their houses and remove keys from cars and trucks.

Hildebrand has been a fugitive since last November, when he failed to return to prison from a three-day furlough. The girl joined him Sept. 5. Hildebrand was sent to prison for kidnapping and robbing a tourist couple near Dover.

He said there could be no summit meeting unless the Russian sends his manners. Then, after the U2 incident, the May meeting collapsed. Since Khrushchev has played it rough, what before he came over here this time, the squeeze on him began again.

He reached his abusive peak in his speech to the United Nations Sept. 23. This increased tensions so much — no doubt deliberately — that the five neutrals thought they might restore peace by getting the two men to meet.

But if Eisenhower had agreed, he would have been yielding to the deliberate bad conduct of the Soviet premier. He chose not to and his letter to the neutrals aimed at Khrushchev was a nice son in manners.

This is exactly the kind of arrangement Khrushchev rejected long ago. He contended foreign ministers take up time, settle nothing.

He said only the "heavyweights" can get things done. So Eisenhower both rebuffed and rebuffed the Russian.

In his letter to the neutrals he said: "I would not wish to participate in a mere gesture which, in present circumstances, might convey a thoroughly misleading and unfortunate impression to the peoples of the world."

Because Khrushchev's desire for a summit meeting goes back over three years, his tactics in trying to get one may have been forgotten.

From the beginning he has tried to bully his way into a meeting. He began by threatening to shut West Berlin off from the West.

It was really to avoid a showdown over Berlin that Eisenhower invited Khrushchev to the United States in September 1959. It was

RAMBLER ANNOUNCES STRONGEST GUARANTEE IN AUTO HISTORY

LIFETIME GUARANTEE ON NEW CERAMIC-ARMORED MUFFLER AND TAIL-PIPE STANDARD ON ALL '61 MODELS

Born of space-age developments, Rambler announces on all 1961 models a new Ceramic-Armored muffler and tail-pipe guaranteed against defects for the lifetime of the car while in the hands of the original owner. This covers total replacement cost including parts and labor. Every '61 Rambler muffler and tail-pipe is completely covered with a special ceramic coating — similar to that used in rockets and missiles — to give lasting protection against rust and corrosion caused by water, salt and acids. Another Rambler first!

12-MONTH, 12,000-MILE WARRANTY EXTENDED TO ALL NEW RAMBLER OWNERS

Now Rambler extends to all new Rambler owners its comprehensive full-year or 12,000-mile warranty, whichever occurs first. In fact, this liberal warranty, announced to dealers more than a year ago, also covers total replacement cost including parts and labor. It applies to all 1961 Rambler models and to '1960 Ramblers still within the warranty period. The normal industry warranty covers only 90 days or 4,000 miles.

Lighter Side of the News Over Nation

By DICK WEST

United Press International WASHINGTON (UPI)—Five or six years ago, in a moment of springtime madness, I borrowed a seed catalog from a trusting neighbor and ordered a rare form of hybrid kumquat.

It soon became apparent why this type of kumquat was so rare. It wouldn't grow. The catalog, however, was extremely fertile.

Before the summer was over, it had produced six other seed catalogs and that fall I harvested a bumper crop of gift catalogs.

I am at a loss to explain by what process one catalog begets another, but they seem to reproduce themselves in inverse ratio to the amount of orders they attract.

I have not ordered anything since I bought that sterile kumquat. Consequently, I am now on the mailing list of every nursery and gift shoppe in the United States, plus a few in Canada and

Buick Offers a New Car in All Models

PONTIAC, Mich. — Buick today introduced its all-new line of cars for 1961, including the entirely new Buick Special powered by the first American aluminum V-8 engine in the automobile industry.

The Special is a new-sized car, Buick's entry in the economy field. It is 180 inches long and weighs only 2,700 pounds, 1,600 pounds lighter than conventional models in the Buick line. Its light weight, moved by a 155-horsepower high-compression engine, gives the Special lively performance characteristics comparable to regular-sized Buicks.

The Special will be available in two body styles, a four-door sedan and a four-door station wagon with a standard and deluxe version of each.

All of the new Buicks will go on public display for the first time in dealer showrooms Wednesday, Oct. 5.

The whole line is styled with clean, sweeping lines, a conspicuous absence of chrome, and from the Special through the Electra 225 more headroom and greater passenger comfort are achieved through extensive engineering and styling changes.

Riding comfort has been improved by lowering the transmission tunnel and the additional headroom has been provided by the use of a completely new frame design. The 1961 Buick styling is crisp, smooth, and functional. Wind shields have been restyled, and doors both front and rear open wider for easier entrance and exit. The rear deck is virtually flat and blends into the tender lines. The '61's more luxurious interior offer a wide choice of decorator color schemes in leathers, fabrics or vinyls.

Talks Slated in Helena Strike

HELENA, Ark. (AP) — Labor and management scheduled conferences for today and Tuesday in four-day-old Mohawk Tire and Rubber Co. strike here.

The United Rubber Workers Union went on strike at midnight last Thursday when the wage contract expired. All 445 workers went out and the plant has shut down production.

The company offered a new wage contract which called for an immediate 14-cent an hour wage increase plus 2 1/2 cents an hour health and welfare benefit.

Union spokesmen said the proposed contract was turned down. The contract also would have guaranteed a four cent an hour raise March 4, 1961, and a 16 cent an hour raise Sept. 1, 1961. Supervisory and office personnel are the only workers crossing a picket line.

Mexico.

I assume that the nurseries and gift shoppes cross-pollinate their mailing lists. At any rate, every change of season brings the postman to my door with a new litter of catalogs. Currently, it is the Christmas season. In December, it will be Easter.

A Little Early

I personally am unable to think in terms of Christmas shopping at this time but, as a public service, I will pass along some of the gift suggestions I gleaned from the catalogs for the benefit of any early birds in the audience. Are you troubled over what to get for the man who has everything? Don't get him anything. He will appreciate it. Nothing is just what he needs. This, however, is my own suggestion and didn't come from the catalogs.

The catalogs offer you Christmas tree ornaments with your own name on them, an egocentric touch that blends nicely with the modern Yuletide spirit. Or you can get "bayberry mist" in a spray can and send out scented Christmas cards.

There is a Swiss chime that plays "Adeste Fideles" when the front door is opened and, when Christmas is over, you can replace it with one that plays "Happy Days are Here Again."

For Big Feet

For your big-footed friends, you can order a two-ounce bottle of "shoe-eze" which is supposed to eliminate pinching. For 79 cents, husbands can get their wives a goldtone, 24-inch "zipper upper" which enables them to zip up the backs of dresses without help from the milkman.

Something for the household? How about an appliance cord which is shorter than other appliance cords and guaranteed to be "just as long as it needs to be" to put an end to "cord clutter?"

The life-of-the-party should be delighted with a green bowtie shaped like a holly leaf, or a knee-length necktie "literally covered with funny insults" and "hilarious gags" such as "Me Tarzan—You Jane."

And if you want to promote togetherness while spreading Christmas joy, one catalog has the ideal gift for couples: "His and Hers" denture dishes, for storing false teeth at night.

BUICK BOASTS NEW STYLING FOR 1961

The clean, sweeping lines of Buick's 1961 styling is epitomized in the LeSabre series with its landau-type roof and the new design of its windshield. Extensive engineering and styling changes provide more headroom and greater passenger comfort. Doors open wider for easier entrance and exit and interior room has been increased

despite the fact that the overall width has been reduced two inches. LeSabre models are mounted on a 123-inch wheelbase and have an overall length of 213 inches, nearly five inches shorter than last year. The new, improved turbine drive transmission has been made standard equipment on all LeSabre models in 1961.

Baseball Shows Attendance Gain

NEW YORK (AP) — Helped by a record-shattering total in the National League, the majors' attendance increased four per cent in 1960.

Sunday's final games hiked National League attendance to 10,694,065 and the American League

gate to 9,226,526. The over-all total of 19,910,611 was a gain of 766,132 over 1959.

The Los Angeles Dodgers set a club mark in the National League, playing before 2,237,019 paid. The old record was 2,215,404 set by Milwaukee in 1957.

The Chicago White Sox led the American League with 1,644,460. This was 17,000 more than the

New York Yankees. The former National League attendance record was 10,388,470 established in 1947.

THE CLEAN LOOK of action

Now! Full size living in two new size surprises

the full-size '61
BUICK

THE BEST OF BOTH WORLDS
Now! The room, ride, go, pride of the costliest cars plus the savings and ease of the small

Look at this gem—then look at the full-size Buick below. Can you doubt the Special's all Buick, too? Combining savings and ease with Buick comfort and luxury! For an all-day ride you get more total head, leg and hip room than in the compacts... the same kind of Control Arm suspension as the full-size '61 Buicks. And for get, its new aluminum V-8 and aluminum Dual-Path Turbine Drive* give you twice the power per pound of most compacts (more even than many full-size cars)! But, the biggest news is that all this is yours for just a whisper above the compacts! *optional at extra cost

Smaller than big

Bigger than small

AS FINE, AS NEW, AS YOU CAN GO. Now! Full comfort, full luxury, in a new trimmer full-size car!

Now there's more easy-living room for all of you—up, down, all around. For this full-size Buick is new clean through from its big Comfort Zone right down to the ground. Doors are wider and the dog leg's smoothed away. A new Hide-Away driveshaft gives far more flat floor space. A new Safety-X frame lowers the door sills. New Control Arm suspension smooths the bumps. And wait till you try its new Wildcat V-8, streamlined from within for more go on less gas... and its gas-saving new Turbine Drive, standard on every full-size Buick! And, there's plenty more to see and be proud of. See your Buick Dealer today, see why...
